

Temperature controlled soldering station

Model: ZD-937

Features

- This soldering station is equipped with a soldering iron for working on delicate electronic components.
- With the multifunction display and the preselect buttons, temperatures from 150°C to 450°C can be easily set and confirmed.
- Three temperatures (200°C, 300°C, 400°C) are preset and can be set with the push of a button.
- In the case of a malfunction, you will be alerted by a warning sound.
- The handy bracket with the integrated drawer and the cleaning sponge makes soldering as easy as possible.
