

# WX 1012

1-Channel Soldering Station Set, 200 W  
Product no.: T0053427399N

## Benefits

- › Power unit WX 1 with 1 channel, soldering iron WXP 65

### Technical Data

|  |   |
|--|---|
| Dimensions L x W x H (mm)              | 170 x 151 x 130                           |
| Dimensions L x W x H (inches)          | 6,69 x 5,94 x 5,12                        |
| Weight (approx.) in kg                 | 3.2                                       |
| Voltage                                | 230 V, 50 Hz                              |
| Power                                  | 200 W                                     |
| Channels                               | 1   |
| Temperature range (depends on tool) °C | 100 - 550                                 |
| Temperature range (depends on tool) °F | 200 - 999                                 |
| Temperature accuracy °C                | ±9  |
| Temperature accuracy °F                | ±17                                       |
| Temperature stability °C               | ±2  |
| Temperature stability °F               | ±4  |
| Equipotential bonding socket           | Via 3, 5 mm pawl socket on back of device |
| Display                                | 255 x 128 dots / Backlighting             |
| Air consumption l/min                  | ---                                       |
| Operating pressure in bar/psi          | ---                                       |
| Capacity l/min                         | ---                                       |
| Vacuum                                 | ---                                       |
