

# RTP 004 B

Product no.: T0050103799

## Benefits

- › RT Pico Soldering Tips for WXPP / WXPP MS Soldering Irons
- › High performance active tip for the smallest components: 0402 down to 01005
- › Made of the smallest precision soldering applications (Aerospace, Military (only MS versions), Electronics, Sensors, Medical devices, Automotive)
- › Short tip-to-grip distance for maximum precision

**Technical Data**

| Tip shape           | Bevel Cut |
|---------------------|-----------|
| Tip type            | HM        |
| Width in mm         | 0.4       |
| Width in inches     | 0.016     |
| Thickness in mm     | ---       |
| Thickness in inches | ---       |
| Length mm           | 17        |
| Length inches       | 0.669     |
| Power               | 40 W      |
| Packaging unit      | 1         |
