PEN STYLE

EASY TO OPERATE

- Ergonomic handle for reducing hand fatigue and providing user comfort.
- Held like a pen, operate by a simple press

STABLE PERFORMANCE LOW NOISE

Features built-in ultra-small motor and vacuum pump to provide strong and stable suction

STRONG SUCTION

Adapt to the most common $\varnothing 1.6\text{mm}$
suction cup

$\varnothing 4\text{mm}$ Suction cup	10gf
$\varnothing 6\text{mm}$ Suction cup	35gf
$\varnothing 10\text{mm}$ Suction cup	80gf

ANTI-STATIC HANDLE

ESD safe design is suitable for picking up
current-sensitive components

USER-FRIENDLY • HANDY AND EASY

DETAIL DISPLAY

Spring avoid the tip to pierce the suction cup or damage the component

Come with straight and curved tips for different angle pick-up

Soft ESD-safe conductive silicone suction cups avoid scratch or damage sensitive parts

QUICK RELEASE BATTERY CASE

Only 2 Steps to replace battery

Power source: AAA battery x 1PCE

DESIGNED FOR THE SAFE PICK-UP OF SMD COMPONENTS FOR ELECTRONIC ASSEMBLY REQUIREMENTS

Dimension		160 x 23 x 19mm (Includes suction cup)	Power source	AAA Alkaline battery x 1
Weight		27g (w/o battery)	Accessories	Suction cup : Ø4mm / Ø6mm / Ø10mm Straight nozzle Curved nozzle Spring
Suction Capacity	Ø4mm suction cup	10gf		
	Ø6mm suction cup	35gf		
	Ø10mm suction cup	80gf
