

«PeakTech® P 1021» TrueRMS Digital Multimeter 4000 Counts, Auto.Range

€27.90

Prices excl. VAT plus shipping costs and possibly lower value surcharge

Product number: P 1021

GTIN/EAN: 4250569407819

Description

Compact and handy TRMS digital multimeter with 4000 counts and automatic range selection, ideal for service, trade, training and mobile use. The device enables precise measurements of DC and AC voltage, currents in the μA and mA range, resistances, capacitances, frequency and duty cycle, and also features diode and acoustic continuity testing. The large, clear display with data hold and min/max functions ensures comfortable working, while auto power off reduces battery consumption. A robust housing with a rubberised protective cover protects the multimeter in daily use. On the back, there is a practical service flap for quick replacement of the ceramic fuse and an integrated stand for hands-free reading of the measured values. The safety category CAT III up to 600 V makes the device a reliable companion for a wide range of measurement tasks.

Technical features

- LCD display with 4000 digits
- 400 mA ceramic fuse
- Automatic range selection
- Data hold, min/max function
- Service compartment and stand
- Handy and sturdy housing
- Safety: EN 61010-1; CAT III 600 V

Specifications

Basic Accuracy DC: +/- 1,0%

Battery: 1,5V AAA

Capacitance max.: 4000 µF

Digital counts: 4.000

Display Type: LCD

Over voltage category: CAT III 600 V

Range selection: Auto

V DC max.: 600V

Hz max.: 10 kHz

OHM max.: 40 MΩ

mA DC max.: 400 mA

V AC max.: 600 V

mA AC max.: 400 mA
